

Expressing pictures in array form.

For each picture, declare an array to hold its data. Then, use a loop to print it out.

1. Ducks in a row

2. Story Dice

3. Scrabble

4. Plants vs. Zombies

5. Mr. Square

6. Farm Heroes.

An example follows:

```
String names[] = {"10 - Peacock Queen", "10 - Moon Queen", "15 - Pancake Queen", "15 - Cat Queen"};
```

In the code:

```
public class pictureArrays
{
    public static void main (String args[])
    {
        new pictureArrays ();
    }

    public pictureArrays ()
    {
        System.out.println ("0. Sleeping Queens");

        String names[] = {"10 - Peacock Queen", "10 - Moon Queen", "15 - Pancake Queen", "15 - Cat Queen"};
        for (int i = 0 ; i < names.length ; i++)
        {
            System.out.print (names [i] + ", ");
        }
        System.out.println ();
    }
}
```
