

# Smiley Adaption

Step 0:

- If you look closely, you can 4 kinds of eyebrows. What are they? Sketch each.
- There are also 4 kinds of mouths. What are they? Sketch each.

Step 1:

- Make a method for each eyebrow and for each mouth (that should be seven).
- Call each to make at least 4 faces.

Step 2.

- Make a grid of 7 x 7 faces that are all smiling.

Step 3:

- Make a grid of randomly generated faces.
- Vary the colour too.
