

# Password Validator

- Begin with this XML:

```
<?xml version="1.0" encoding="utf-8"?>
<LinearLayout xmlns:android="http://schemas.android.com/apk/res/android"
    android:layout_width="wrap_content"
    android:layout_height="match_parent"
    android:layout_gravity="center_horizontal"
    android:orientation="vertical">

</LinearLayout>
```

- Create this screen.
- We will finish coding the buttons in unit 2, only the user interface is due now.
- Each item should be centered. `android:layout_gravity="center_horizontal"`
- It should fill the screen as shown. Use `textSize`, `layout_margin`, `layout_padding` to fill the space.
- The title and the buttons have their font changed: `android:fontFamily="casual"`
