Trash Panda (Part 1)

- Create this screen
- Both the preview and emulator are shown.
- At this stage, it doesn't need to work. Only the GUI needs to appear.

- Start with this code:

```xml
<?xml version="1.0" encoding="utf-8"?>
<LinearLayout xmlns:android="http://schemas.android.com/apk/res/android"
    android:layout_width="match_parent"
    android:layout_height="match_parent"
    android:orientation="vertical">

</LinearLayout>
```

- Fill the screen.
- Change the colours of the text – use some hex codes from the picture.
- Change the background colour of the screen.
