

Trash Pandas – Part B

Based on the Level Code that the user enters, make a toast appear.

Level Code	Toast
< 2	Beginner Level Activated
< 4	Intermediate Level Activated
< 6	Advanced Level Activated
< 10	Extreme Level Activated

This code gets a number out of an EditText:

```
EditText age = (EditText) findViewById(R.id.age);  
int userage = Integer.parseInt(age.getText().toString());  
age.setText("");
```

This code makes a toast:

```
Toast.makeText(getApplicationContext(), "Hooray!", Toast.LENGTH_SHORT).show();
```
