

Instructions Printout.

- Find the rules for your game.
- Gamewright games are here: <https://gamewright.com/rules/> Other game companies: I'd suggest Google with the company name and the game name.
- Print them out (using a printer in a room with a printer... say the library, at lunch. And no, you may not go to the library now).
- Take a black marker. Cross out the rules you don't need.
- Put your name on the top.
- Hand it in.
